

Audio Compact

Robin Compact SIP Audio Intercom

- Clear communication through HD Audio
- 1x touch-sensitive call button
- High-end full anodised aluminium
- Weatherproof & UV-resistant
- Power-over-Ethernet (PoE)
- Built-in relay

Product Description

The Robin Compact Intercom keeps its simple and compact look while introducing powerful elements inside.

With enhanced functionality, integrations and smoother performance, it delivers a modern experience without changing the design users already trust.

Built on Secure SIP, it integrates effortlessly with most PABX and VoIP systems, making it ideal for both residential and business installations.

A simple press triggers a clear bell signal and instantly connects you to your chosen phone or device: fast, intuitive, and dependable.

Enjoy crystal-clear and powerful audio using advanced codecs paired with high-quality microphone and speaker.
